A Message for You Men

Attention Men!
Why You Should Go to Sunday School

Your children will profit immensely by your example. The Sunday School is a bigger institution when men attend it.

The Sunday School has always needed what men could bring to it in leadership and financial support in order that it might better serve children and youth.

The fraternity of Bible Class men is rich in social fellowship, and abundant in mutual helpfulness. It democratizes men.

In the fellowship of the Bible Class, religion escapes conventionality and wins men by its reality and wholesomeness. It is a good place to appraise religion as a practical necessity.

The insistent questions of rights, duties, personal religion and immortality are discussed with the utmost frankness. Busy men need such a form for such discussion.

The community suffers from organized vice in one form or another. Right thinking men must organize to make righteousness dominant in the community. The Bible Class stands for applied Christianity.

The Methodist, Presbyterian and Lutheran Sunday Schools meet at the close of the morning service; the Nazarene Sunday School at 2 o'clock, and the Anglican Sunday School at 3 o'clock.

FATAL HOTEL FIRE AT CALGARY

Three lives are known to have been lost in a fire which broke out in the Empire hotel on Ninth avenue in Calgary about 3 o'clock last Sunday morning. It appears that a poker game was in progress in the basement of the building at the time the fire was discovered, and two of the players, Thomas Huckvale, of Gleichen and Chris McMillan of Youngstown, were too deeply interested in the game to heed the warning until their escape was shut off. They died of suffocation.

We understand that Huckvale was formerly a resident of Clareholm, having been a bar tender at the Queen's and Albert hotels here some years ago.

On Monday another body, identified as that of E. W. Prim, a returned veteran of Calgary, was found in the ruins.

The origin of the fire is unknown.

AIR GUNS

seem that many are unaware of the laws concerning such weapons. The Town Council are determined to cause the practice of boys playing with air guns in the streets to cease and parents, guardians and others should carefully note the following provisions of the Criminal Code of Canada:

Sec. 119 provides that every one is guilty of an offence and liable to a penalty of \$50.00 who sells any firearm or gives or sells any pistol or air gun or any ammunition therefor to a minor under the age of 16 years unless proof is produced that there was good reason to believe the minor was not under the age of 16.

Sec. 122 provides that every one who without lawful excuse, points at another person any firearm or air gun, whether loaded or unloaded, is liable to a penalty of not less than \$10.00 or not more than \$100.00 or to imprisonment for any term not exceeding 30 days with or without hard labor.

H. W. Wood was re-elected president of the U. F. A. at the convention on Wednesday. No one else had the least show. There were very few who voted against him.

The Department of Agriculture has decided to limit applications under the Live Stock Encouragement Act to the first four months of the year. Farmers wishing to take advantage of the provisions of this Act will therefore send their applications in before April 30th.

Sermon by Rev. A. J. Mitchell
 After Induction Into Pastorate
 of St. Andrew's Presbyterian
 Church, Clareholm

Psalm 90, 16-17

Those of you who were present in church last Wednesday, witnessed the consecration, by a solemn act of induction, of the expressed wish of this congregation that I should become its pastor.

My great encouragement is in the assurance of the certainty of the promise of Divine Grace, and of the continued presence of kindly sympathy which you have shown towards me. If either were lacking my task would be an impossible one. Nevertheless I think it well that on this occasion I should say something which this close relationship may or should imply on both sides.

Of all the names used to describe the holder of the office in the Christian ministry that of Pastor seems to be the most fitting. It signifies the close relationship which exists, necessarily, between himself and his people, not that of teacher only, but of friend and friend. His great duty is that of cherishing and tending the flock of Jesus Christ.

The Gospel removes barriers between men and God. It also removes barriers between men and men. And the relationship between the pastor and the people is one of friendship, and the secret of all his ministry is that of reconciliation and sympathy. He is his people's teacher because they need teaching. He is their leader because they need leading. And called to his office by those who choose as he is in our Presbyterian church, he has the right to expect consideration for his teaching and loyalty to his leadership. His rule is broad based upon the people's will. His source of finance as he moves among them is his character, rather than his uniform or sermon.

And yet his position as a pastor is a peculiar one. He stands in a dual relationship to God and to man. He is called of God and is approved by man.

He is an ambassador of Jesus Christ and also a servant of the church.

He derives his authority and power from Jesus Christ to whom he holds himself responsible.

This is at once his incentive and his "guard." It is his duty to him to be true in thought and in expression. It gives him a standard by which his life is tried, and it hinders division of aim or slovenliness of work.

The pastor is also a servant of the church which Jesus Christ organized, instituted by Jesus Christ, through which He seeks to express Himself to the world, and to bring in His kingdom amongst men. Especially does he serve that branch of the church to which he belongs. His sphere is necessarily limited to the local church, for which he is a trustee to the church as a whole.

Thus my first duty is to St. Andrew's church and to its people. For its interests I have to care and labor; not in any narrow or sectarian spirit, but with all the strength of heart and mind and purpose which may be mine. The call of neither the church at large nor of the country is to be ever insistent or pleasant, can come before the call of my own pastorate. I have no desire to feel my earnest desire to be a true friend to each. This will understand my whole ministry amongst

you; whether it be of exhortation, of rebuke, or of silence. Your social position will count for but little. Your wealth or your poverty will matter nothing. Your own estimate of yourself or of your importance will weigh but slightly. You may be contributing largely to the church—I may say you should be giving more. You may be contributing little—I may have to rebuke or to exhort; but in all I want you to clearly understand that I am moved by the great underlying conception of my responsibility to God for you all.

To carry out my work I need to apportion my time and if you can make it easy for me to have my mornings in my study I shall be grateful. My afternoons will be given to visitation.

I know that it is generally thought that a pastor has an easy time; that he can give himself to general housework and to matters other than his church work. I can on only speak for myself. I find that the work of the minister is demanding all my strength and time. My pulpit work costs me much toil, and however poor my sermons may be, they are my work, for I dare not bring others as my contribution to the worship of Almighty God.

And here may I say a word for the pastor's wife. Like all true helpmates she is deeply interested in her husband's work, and much of any success which will be his, is due to her untiring encouragement and vigilance and prayerfulness.

There is little heroism anywhere to compare with that shown in the ministries of the west. The foreign field may have its hardships, but in the manes of the home mission field there are tragedies being enacted which, if known, would make the blood of the average church member

But my purpose just now is to remind you that the pastor's wife is first of all a wife and mother, responsible for her home, with all a woman's physical and nervous weaknesses, and with many demands upon her on account of her position which only a woman can meet.

In the present instance your pastor's wife is equally ready to share in all the church's work, commensurate with her strength. Having thus safeguarded his own immediate work, the pastor's need duty is to his church in its wider interests. He has to share the burden of Presbyterian and Synod duties as well as he may. In particular, the Forward Movement will make heavy demands for the next few months and later, he may give half the time he has left to the community's demands upon him. He is always a citizen, with a citizen's responsibilities, and will interest himself in his community's welfare.

But he will be very careful in the use of his pulpit either by himself or others. The pulpit is to be throne where, not a throne to make him afraid, he will expound the message of God. There he feels he is in the secret of God's presence. There he realizes he is encircled by the Cherubim and Seraphim of God.

He will speak necessarily of the principles of righteousness which underlie a people's welfare. The method of the outworking of such principles he must leave to individual judgment. What ever his own views may be, he can never use his pulpit for party political purposes, whether of state or community.

To sum up the pastor's position is to be spent in disclosing God's will to his people, so far as he is able both by life and teaching.

So far as the church is concerned I have but little to say just now. Her work is great and difficult in these trying days, and absolute faithfulness to her task is imperative.

There is evidenced, generally speaking, a weakening of men's attachment, not to Christianity, but to the church, and it is to mean anything to the outside world, we must mean much to those of us inside. She is God's instrument for the salvation of the world, and must be prized as such. Her methods of work here will be adapted to circumstances as soon as possible.

We have a good organization and all the societies are well maintained. And of these we must make the most.

What I ask of the members of this congregation is simple faithfulness individually. Faithfulness in attendance at the Sabbath and week-night ser-

vices. Empty pews are eloquent of usefulness past which no pastor will ignore.

Faithfulness in discharge of financial obligations to the church. When we elect our managers we have not done all our duty. They have to direct the financial affairs of the congregation and must have finances to direct. They cannot do the impossible; they cannot make bricks without straw. As a rule the managers in our church do well, and I expect to find the board here no exception. They are, however generally too reticent with the congregation, often preferring to shoulder the burden themselves thereby causing hardship to be worked.

In some way or other a financial statement will be placed before you from time to time.

On the other hand the responsibility of the individual member is such that it is not discharged by silence. If obligations are incurred in your name, and are not met, the responsibility is yours. A quiet judicious questioning of your managers on the subject as you meet them is your duty.

Faithfulness in your individual life at home, in business, in recreation.

I want membership of St. Andrew's, Clareholm, to mean something to the outsider as well as to ourselves. It should be synonymous with righteousness of life and kindness of judgment.

What I ask of you is simple loyalty to your pastor.

He will probably make mistakes, and will do and say things to which you will take exception. Deal kindly with him. He is not omniscient. He will make demands upon you for service and will expect response thereto. Remember his reputation is in your keeping. You can make him or you can mar him. He is helpless to defend himself adequately. If attacked he must say nothing. If neglected he can only suffer in silence. He and his are entirely in your keeping.

I was intended in great responsibility you incurred when you signed that call.

And I feel that I shall not ask you for this faithfulness to your church, for this loyalty to your pastor in vain.

From this position and circumstances, the community, and the church at large, and above all, the Lord Jesus Christ, expect great things of St. Andrew's, Clareholm. And we must not, we dare not disappoint these expectations. We must attempt great things for God and for our fellow men.

Let us then, together, pastor and people, praying together for each other, working together for each other, go forward into the harvest of all the patient sowing and working and praying of the past years, knowing that we shall reap if we faint not.

The present is ever largely the heritage of the past and the future largely depends upon the present. Let us seek to leave for our children an even more glorious heritage than was ours, so that they may rise up and call us blessed.

HOCKEY

An interesting and exciting game of hockey was played on the local rink here on Saturday last between the junior Bear Cats and the Gophers. The two teams were lined up at 2:15 by Referee Moffatt and the Judge of Play Atkinson. There were spectators on an even off for both teams but the Bear Cats had the golems in the hole from start to finish. The line up was as follows:

Bear Cats — Donald Torbit goal, Ross Moffatt, Duncan McLean, Fred Fraser, Jimmie Moffatt, Glenn Moffatt.

Gophers—Dug. Ringrose goal, Geril McKenzie, Tom Guy Jr., Bill Miller (captain), City Clerk, Sumy Atkinson.

Six man hockey was played and it would not be out of place for the senior team to see the next game and get wise to passing the rubber around. All the players in both teams are under nine years of age.

Dear Mr. Editor,

Will you kindly allow me space in your paper to make a statement regarding an event with which my name has been connected for the past few days.

The punishment given to Johnny Edlund on Friday of last week which was given first with a small strap in my room and then a strap from the principal's office, was administered not in a moment of passion but for open defiance of authority after all other measures had seemed to fail and at a time when it seemed necessary to meet the situation if the discipline of the school was to be maintained and was discontinued as soon as the vice consented to obey. However, results indicate that the punishment was more severe than I realized, indeed more severe than I imagined one could inflict with a rubber strap, and I regret very much that such severity was used and feel that a public statement to that effect is due the parents of the child and any other persons whom it may concern.

"What Phonograph Shall I Buy?"

How many times, when the subject of purchasing a phonograph or talking machine has come up, have you asked yourself this question!

The Edison tone test answers it for you, completely, convincingly.

Over two million music lovers have been present when this test was being made; and they have realized, as you will realize, that the New Edison alone can actually re-create the human voice and the music of human-played instruments.

It is all-important that you hear

The NEW EDISON

"The Phonograph with a Soul"

because it is the only instrument that re-creates the singer's voice so faithfully that the human ear cannot distinguish the rendition of the artist from that of the New Edison.

The wise way to choose your phonograph is to have the several makes of phonographs and talking machines sent to your home on trial, where you can make direct comparisons among them, and then decide which one you would like to keep--which one you think you would enjoy hearing as much five years from now as you do to-day.

Be your own salesman. Sell a phonograph to yourself. We will gladly send a New Edison to your home for the purpose, without obligation on your part.

Allies May Have To Take Action Against Bolshevik

London. — Before peace with Germany is a week old the British cabinet has been brought up sharply against the possibility of another war. Winston Churchill, secretary of war, Walter Hume Long, first lord of the admiralty, Baron Bute, commander of the Grand Fleet, and Field-Marshal Sir Henry Wilson, chief of the imperial staff, have been hurriedly summoned to Paris for a consultation with Premier Lloyd George and other British officials thereon important military and naval matters.

This summons is undoubtedly connected in the public mind with the semi-official statement calling attention of the threatening situation in the middle east, as a result of the Bolshevik military successes, which have given the Bolsheviks virtual control of whole European Russia, for although it is not yet confirmed that they have entered Odessa, it is believed it cannot be long before they are in full possession of these coast regions.

By their victories, the Bolsheviks have secured command of enormous supplies of food, raw materials, rubber stock and other goods for exportation, which they were formerly in need of.

Speculation is active in the capitals of Europe as to what will be the next move of the Bolsheviks. It is regarded as certain that flushed with success, they will not be content with their present conquest but will seek to extend Bolshevikism in the eastward or westward. Expert military opinion inclines to the belief that their next move will be an attack on Poland, and the Baltic states, and Warsaw despatches to the London papers already indicate that the Bolsheviks are fully anticipating such a move.

The Soviets now undoubtedly command formidable forces, and are not sufficient to warrant an attempt to advance both east and west. Against the likelihood of an attack on Poland, which it is said will be popular with the Red generals, is the fact that the Bolsheviks funds would be exposed on the north to an attack by the Latvians and to the south by the Rumanians.

Compromise on Treaty Is Now Likely

Bi-Partisan Round Table Conference Ends in Negotiations Being Opened.

Washington. — At a bi-partisan round table conference of senate leaders, formal sessions ended with compromise on reservations to the peace treaty were inaugurated. While no agreements were reached at the meeting, which was presided over by four Republicans and five Democrats, prominent in recent informal negotiations, and which lasted two hours, another meeting will be held on Monday, and in senate circles there was renewed hope of a compromise.

A Big Slump In Trade With The United States

Winnipeg. — In a despatch from its Ottawa correspondent, the Telegram says:

"The feature of the trade returns for November is that imports from the United States for the month show a decrease of \$1,500,000 as compared with October, while those from Great Britain show an increase of \$1,200,000. The exports show a decline of approximately \$2,000,000 as compared with October, while those of the United Kingdom show an increase of \$1,000,000.

"The increase in the latter country is undoubtedly due to the shipment of wheat hurried out before the close of navigation.

"For the first eight months of the present fiscal year, imports from the United States totaled \$7,300,000, and imports declined \$2,800,000. To the United Kingdom for the same period exports declined \$3,000,000, while imports increased \$1,500,000."

Ten Million For Technical Education

Professor L. W. Gill Coming West to Discuss the Question.

Ottawa. — Professor L. W. Gill, director of technical education under the federal department of labor, will leave on a trip which will take him to the Pacific Coast conference on technical education which will be held with all the western provincial governments, and it is hoped that agreements tending to the promotion of this form of education, may be consummated. The federal government has set aside the sum of ten million dollars for the promotion of technical education in Canada, which is designed to cover a period of ten years. Agreements provide that the provinces shall expend an equal amount to that which they receive from the Dominion government.

Berlin Riots

Forty-two Killed and Over One Hundred Were Wounded.

London. — Reuters' Berlin correspondent, under date of Wednesday, says it is officially announced and seems to be finally established that 42 persons were killed and 165 wounded in the Berlin riots of Tuesday. The casualties of the Berlin police in the rioting place the dead in excess of thirty and the wounded at least twenty.

Quiet prevailed during the night, the arrested patrol were heavily reinforced.

Eye-witnesses estimated the casualties in the riots in Berlin on Tuesday at 30 killed and 100 wounded, according to the Reuters correspondent. The police were finally compelled to throw bombs among the rioters, causing a panic, in which many were killed and many wounded, including many women, were trampled under foot.

Facing Serious Charges

Hall Million Dollar Bill Is Set for Youths in Chicago.

Chicago. — Five youths, all under 22 years of age, who are charged with having a million dollar bill, which was found in the possession of a policeman, will have to produce nearly half a million in bonds before they are released.

After thirty victims of recent robberies had identified the prisoners, Judge Javolski fixed their bonds at a figure which he said "would keep them out of trouble for some time."

The five boys aggregate \$20,000. That of Henry Green, the alleged leader of the band, was the highest, being fixed at \$180,000. The next highest bond was \$90,000.

Rome. — The Caproni airplane which left here on Saturday to stake a route for the Rome-Tokyo flight has arrived here for the Italian government, after having been flown by the Italian pilot, Lieut. Salomoni, at 9:30 o'clock Sunday morning for Adalia, on the Gulf of Adalia, and arrived at the flying place at 1:30 o'clock Sunday afternoon, according to advices received here. From Saloniki to Adalia, the flying distance is approximately 435 miles. The plane maintained a speed of about 72 miles an hour over this course.

Says Treaty Will Be Ratified Soon

Chicago. — William Jennings Bryan, on route to Washington, predicted that the senate would ratify the Treaty of Versailles.

While giving no specific reason for expecting this move, Mr. Bryan said that the senate had been in session for so long that there was no more delay.

"The people want action," he said "instead of words."

Seventeen Columns of Polish Troops Are Reported to Have Been Captured.

London. — The Bolshevik forces in Siberia are moving eastward rapidly along the trans-Siberian railway. The capture of seventeen columns of Polish legationaries, sixteen guns and 20, to the Pacific Coast conference on technical education is reported in a Bolshevik communication received here.

Assist Stranded Soldiers

Help Will Be Given Individual Cases of Discharged Canadians in England

Ottawa. — Questioned as to a report that provision was being made for discharging Canadians to Canada some 3,000 Canadians who had been stranded in England and were not in straitened circumstances, Hon. J. C. Alder, minister of immigration and colonization, and who is also acting minister of militia, stated that no such wholesale action was being taken. He said that the C. E. W. men were discharged in England, he said had entered into an undertaking that they would be taken care of by the federal government for their repatriation, but it was not found that many of them were in serious circumstances. Each individual case is being considered on its merits, but where it is thought that a man would be better repatriated, he is being brought to Canada.

The C. E. W. could make an estimate as to the number who would be brought across in this manner.

The scheme suggested in the resolution included a complete new system of development of the natural resources of the Dominion.

Robbers Taken by Surprise

Police Declare Plot Was Made to Steal Liqueur to Sell at High Price in U. S.

St. Paul. — Railroad detectives surprised robbers attempting to break into a freight car containing 1,600 cases of \$16,000 in route to Winnipeg from St. Louis and Jack Barker, a prize fighter, was shot and killed by a policeman.

Made Robbery a Filter Case. The robbery was by federal authorities to have purchased the liquor in St. Louis and plotted to have the robbers here while on the way to Canada where the whisky could be sold for higher prices than are being paid in Canada, was arranged before a federal commission. He pleaded not guilty to the charge of conspiracy to rob the car and was remanded to jail. He was unable to furnish \$25,000 bail.

Bootlegger Shot Jailer And Escaped

McCrill Pulled a Gun and Shot the Jailer Through the Forehead.

Minot, N.D. — Ward McCrill, serving a 90-day sentence in the jail here for bootlegging charge, shot and killed Ernest Thompson, the jailer, and escaped. The police officials and citizens scoured the countryside for him.

Thompson was locking McCrill up for the night when the latter pulled a gun and shot the jailer through the forehead. Thompson died instantly.

According to other prisoners, McCrill seized the jailer's key and unlocked his cell door. Shots of the prisoners attracted passers-by, who saw alarm. Tom McCrill, a brother of Ward McCrill, visited the latter at the jail and officials placed him under arrest pending an investigation to determine how Ward McCrill received the gun.

Ward McCrill's wife lives at Edmonston, Alberta.

Scrap in Reichstag

New Disorder Occurred in the Assembly in Berlin.

London. — Disorderly scenes occurred again in the national assembly here when Deputy Kaehler attempted to deliver a speech regarding the incidents of Tuesday, according to a Berlin dispatch to the Exchange Telegraph. The Independents constantly interrupted Herr Kaehler. An attempt had been made, he declared, to put the parliament under the most democratic method in the world under the dictatorship of the street gangster.

If the people of Germany now realized how disastrous the tyranny of minority rule would be, he said, the bloodshed on the previous days—the first since the ratification of the peace treaty—would not have been in vain.

Australia Still Bars German Goods

London. — Notwithstanding the exchange of ratifications of the German treaty, putting it into effect, the Australian government is to keep still in the use of the Customs act, prohibiting the importation of German goods. It is declared in a Melbourne message.

Two Americans Killed in Russia

London. — Two Americans were killed and three wounded in a clash with the Russian troops in the Caucasus, according to a telegram from the Russian headquarters in Ekaterinburg, reports that the Caucasus army in the line behind Akaki repulsed in heavy fighting four Soviet attacks and an attempt to turn its left flank.

The report of the British mission says the report of the Bolsheviks on Odessa has been stopped. It also states that the report that General Denikin has been superseded by General Wrangel is untrue. The statement says the Don Cossack army holds the line of the Don river from its junction with the Akaki to its mouth, and that the Reds failed to force the passage of the river at any of the five points where they tried to cross.

Crossing the river would be difficult, it is said, except for small parties of cavalry, because the roads are deep in mud.

The volunteer army is said to be holding the line from Nikolai to Melopol, north of the Crimea.

Short Production of Principals Cause Of High Prices

Toronto. — Canada's food, more production, was emphasized by Sir Edmund Walker, president of the Canadian Bank of Commerce, at the bank's annual meeting here. Sir Edmund said:

"While we and the rest of the world are failing to produce on a sufficient scale to provide for human comfort and to pay our debts, the price of everything has so increased that money is no longer a medium of exchange, but a mere store of value."

High prices Professor Warren attributed not to the peace treaty, as he said some Americans were prone to believe, nor to prohibitive and increased wages, but to inflated values, due to war conditions, and the world shortages of goods.

No Relief From High Prices

Prof. G. W. Warren Thinks Cost of Living May Drop in From Five to Fifteen Years.

Winnipeg. — People who look for an immediate drop in the cost of living are due to disappointment, according to Prof. G. W. Warren, of Concord university, one of the speakers at the Manitoba Rural Credit Societies here.

The only consolation Prof. Warren could give an expectant world was that although the present level may never be reached, it seems probable that a very considerable drop in prices will be reached.

High prices Professor Warren attributed not to the peace treaty, as he said some Americans were prone to believe, nor to prohibitive and increased wages, but to inflated values, due to war conditions, and the world shortages of goods.

Montreal. — Four armed motor bandits held up the Bank of Montreal in the suburbs, gave \$6,000 in cash and some securities and escaped after holding up the cashier and other employees. It was one of the most daring daylight robberies ever executed in this city.

W. W. Ballantyne

writes an advertisement

Dear Sir:—

The Delco-Light Plant you sold me to light my farm has not only given us the pleasure and convenience of electric light in all our buildings, but it is rapidly paying for itself in the work it does.

It would be a good investment for us aside from the lighting altogether. So far, we have found 10 jobs for Delco on our farm, and we are constantly finding new jobs for it. We are using power from Delco-Light to run—

- | | |
|-----------------------------|--|
| (1) 3-unit milking machine. | (10) Vacuum cleaner. |
| (2) Cream separator. | (11) Electric iron. |
| (3) The pump in the dairy. | (12) Toaster. |
| (4) Root pulper. | (13) Charging batteries on our motor car. |
| (5) Flare stones. | (14) Pumping water for household use. |
| (6) These clippers. | (15) Lighting our home, stable, outbuildings and yard. |
| (7) Sheep-shearing machine. | (16) Violet ray generator. |
| (8) Feeding mill. | |
| (9) Washing machine. | |

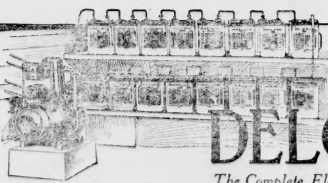

We have never figured this work down to so many hours per day, but we do know that we can operate the farm with one less man than we used to. Figure out the wages and board of a farm hand and you can see what the Delco-Light plant saves us.

We used to run a gas engine on the milker and cream separator, at a cost of 10 cents a day. Our Delco-Light plant supplying light and power for the whole farm costs only 7 cents a day.

It would not only be a harder proposition to run our farm without Delco-Light, but it would cost us a lot more money. We have no hesitation in recommending any farmer to harness up his farm to Delco-Light.

Yours truly,

(Signed) *W. W. Ballantyne*

DELCO-LIGHT

The Complete Electric Light and Power Plant for Farms

The man who considers Delco-Light something that he will buy—when he can afford it—should heed this strong letter from Mr. Ballantyne. It costs more money to farm without Delco-Light. Can you afford, then, to delay equipping your farm with light and power?

Exclusive Delco-Light Features

Where there is a boy on the farm, he can look after this simple plant. These features insure care-free, long-lasting service for you.

It is direct-connected. There are no belts to slip, break or be replaced.

It is self-priming. Pressing down on a lever starts the engine and it stops automatically when the batteries are charged.

It is air-cooled. There is no water to carry, to freeze or to boil away.

There is only one place to put oil. There are no grease cups. A simple mixing valve regulates the fuel supply. There is no complicated carburetor.

Ball and roller bearings cut down friction and increase efficiency. Thick-plate batteries are long lasting.

75,000 Delco-Light plants are operating in Canada and the United States. This in itself proves the practical nature of the plant. Let us put you in touch with some of these people.

You owe it to yourself and your family to learn what Delco-Light will do for you. As a start toward greater comfort and larger profit, ask us to send you the Book "Pays for Itself," written by practical farmers.
